Whom it may Concern;

Main Street Martinsburg is a non-profit organization. Our organization is a volunteer-driven with Leia Wood as a dedicated volunteer. I have known Leia for Three years, as a native of Martinsburg, knowing that she has have demonstrated both personal and professional buy-in to our city's and organization future makes it all-the-more important for us to sustain the momentum that has generated at this point in time.

Leia's continued contributions to the City and to Main Street Martinsburg has been a key to future successes. Leia has become a dedicated volunteer, a volunteer for our promotion committee and a advocate to Main Street Martinsburg's mission.

Through all Leia's endeavors and relationships, she is always concerned about those who are less fortunate and is willing to kick-in that incredible positive energy to make good things happen. I have admired and respect her personal commitment to our community and to Main Street Martinsburg.

Leia has impacted our community and organization in ways that will be seen for decades to come. Leia is the epitome of a role model for any position or volunteer position. Leia's professional career demonstrates hard work, dedication, and a commitment to always being her best.

We thank her for her exceptional service and volunteering to Main Street Martinsburg.

Sincerely,

Randy Lewis
Executive Director
